## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Replace the text of **claim 11** with the following text:

"11. A spatial position information detection apparatus for detecting information on a relative spatial position of an object with respect to an interface section having an arbitrary shape and dealing with transmission of information and a signal from one side to the other side of the interface section, the apparatus comprising: a detection section for detecting an electromagnetic wave of a frequency bandwidth that is arbitrarily selected within a range from 30GHz to 30THz; a casing in which the detection section is contained; a memory section storing outer shape information of the casing; and a calculation section for calculating information on a relative position of an object with respect to the casing using the outer shape information and information obtained by detecting, with the detection section, an electromagnetic wave of the frequency bandwidth radiated from the object present outside the casing."

### ***Allowable Subject Matter***

2. **Claims 1-6 and 8-11** are allowed.
